Beach Camp Policy

Attendance at all meetings and participation at recreation is required for everyone.

Fireworks, firearms, knives, or any other kind of weapon, alcohol, drugs, any form of tobacco or e-cigarette device are NOT allowed.

Any form of Public Displays of Affection (PDA) is not allowed. This is a week to work on your relationship with God.

Cell phones are not allowed to be used during worship or small group time. Also, you are responsible for your phone if you take it down to the beach. See cell phone policy below.

The condos we are staying at are to be treated with respect. Any damage to the condos will be at the student's expense.

Any prescription meds that you are bringing need to be noted on the medical release. If there is a strict schedule or you want us to be responsible for distributing the medicine, please talk to one of our chaperones. If your student has an epi pen for an allergy, please note it on the medical release and tell us today.

Each person will need to abide by the schedule. While there is a time for free time on the beach, we understand that not everyone will want to be at the beach the whole time. If you want to hang back at the resort, at least one adult needs to be in the area. There will be no "wandering off" without an adult. Stay in designated areas please.

While on the beach, we will ask students to stay close to the pop-up tent area that we are going to have set up for our group. Going back and forth between the beach and condo will need to be with an adult.

No girls in guys' rooms and no guys in girls' rooms.

Be chill.

Phone/ Electronics Policy

Cell Phone, iPad & personal electronic device Policy: You may bring your phone.

- During travel we will have designated 'no phone times' and use this time to actually talk to someone.
- Phones will not be permitted at times of worship or during small group times.
- During our drive, it's requested that movies over PG-13 rating or music with explicit lyrics not be viewed or listened to (breaking this rule may result in your phone getting locked up for the week).
- You will not be allowed to isolate yourself in 'phone world' (Once at camp: there will be no Netflix, Hulu, Youtube, etc.)
- You must comply with leaders when requested to put phones away
- Don't ask an adult or another student to guard, protect or carry your phone (it's best off just to leave it in your room.)
- ADULTS WILL HAVE THEIR PHONES ON THEM AT ALL TIMES

- All phones should have a security code (if your parent does not know your password, you will be asked to write it down, place in an envelope, seal it, and sign the back...these will be securely stored and only opened in emergency...envelope will be returned or destroyed at end of trip).
- Stay away from texting and social media drama...this stuff can harm your awesome camp experience. Don't let it!
- ***If for any reason, your device becomes a distraction, you will be asked to turn it off and store it...if necessary the device will be taken and stored until the end of camp. ***
